CEO's Message

**We are dedicated to embedding innovation, sustainability and excellence in execution, in line with our vision of advancing, to sustainable economic development**

At Shumailah & Sons, we believe that the future progress rests on infrastructure projects, sustainable energy, and modern industrial hubs. Based on this vision, we work on developing strategic projects that rely on renewable and hybrid energy solutions, modern urban planning, and smart infrastructure to create long-term economic and developmental value.

We are also committed to cultivating local and international partnerships founded on trust, professionalism, and sustainability to deliver landmark projects that shape the future of investment and development in Yemen.

**Essam Hizam Shumailah**  
Chairman of the Board

# ABOUT US

Shumailah & Sons for Trading and Investment is among Yemen's foremost enterprises in the development and execution of strategic projects, offering integrated solutions across the sectors of contracting, real estate development, energy, oil services, and industrial growth.

The company focuses on implementing modern urban and industrial projects, including infrastructure development, roads, networks, public utilities, and operational services, in addition to establishing integrated industrial cities powered by alternative and hybrid energy solutions, and supported by advanced logistics services that meet the needs of investors and the industrial sector.

The company relies on qualified engineering, technical, and administrative teams, modern operating and governance systems, and advanced equipment that ensure execution efficiency, superior outcomes, and adherence to the highest standards of safety and sustainability.

For its major projects, the company establishes independent operational and administrative entities for each project, enhancing management flexibility, optimizing efficiency, and execution tailored to each project's scope and character.

Today, the company continues to expand its presence in infrastructure, energy, urban development, and industrial development projects through strategic investments that contribute to supporting economic and urban development in Yemen.
